Isolation Building

Goal \$100,000

Construction is well underway in the Dog Area. (See construction details below). Once that construction is complete we will still need an isolation building for incoming dogs that do not have a vet record, such as strays. The isolation building will be completely separate from the main building so that any deadly contagious diseases such as Parvo cannot be spread to the main dog population. We will have to be very cautious about any incoming dogs until there is a place to isolate those that do not have a current vet record.

Looking to add some furry love to your household?

Stop by ARF to visit our cats and kittens. Monday - Saturday 1-4. The on site volunteers can tell you all about each cat's personality. You can get help picking the best cat for you and your family. Are you looking for a lap cat, playful kitten, dog friendly, wild & crazy, standoffish, we have them all. The cats are free to roam in the large multi room play area. You can sit and see which cat bonds with you. Then fill out an application and get the adoption process started.

Rio was featured in our last newsletter. We are so happy that she found a forever home.

Rio and Linda Flaherty

Trinket and her family were brought in to ARF from Kansas. She was one of 3 tiny kittens and their mother, Trinity. The only family member still here is Tux. Tux is a special needs cat with IBS.

Trinket JoAnn Payne

Sweetie Pie was found as a 5 month old stray kitten. Super sweet kitten that the vet's office named before we even had a chance to think of one. She was adopted very quickly.

Sweetie Pie Elizabeth Gacsal

Charlie and Paula Pechonick

Charlie & Cherokee were born at ARF. Their Mother and siblings were named by silent auction winners at our last Puttin' on the Leash event. Their Mom Edith Ann and 2 other siblings, Fluffy and Max are still in need of forever homes.

Cherokee Ledi & Tonya Mull

*"He is your friend, your partner, your defender, your dog.
You are his life, his love, his leader.
He will be yours, faithful and true, to the last beat of his heart.
You owe it to him to be worthy of such devotion."

Kids from the Mutual Girls Club of Bartlesville came out to visit our cats & kittens. They made some catnip toys to entertain everyone. Both the kids and the cats really enjoyed the visit.

IF THE EARTH WAS FLAT

Cats would push everything off of it

Cats can work out mathematically the exact place to sit that will cause the most inconvenience.

Plenty of ways to stay cool at the ARF Park. There is a creek that runs thru the 5 acre park, 2 dancing water features, and plenty of shaded areas for People and Dogs.

A \$50 annual donation for your family's dogs and an application is required. Plus a one time \$10 FOB deposit. You can get an application at the Sanctuary or online at www.ARF.org

You can feel secure in the knowledge that all dogs are up to date on shots. And that any aggressive behavior from dogs or owners will be dealt with quickly.

Heartfelt Rescue Stories

Vixen

Vixen came to ARF as a new stray mother. She had three little ones. Since it was Christmastime we decided to name the new mother and kittens after reindeer. The new mother then became Vixen and her babies became Dancer, Donner, and Prancer. Vixen was an excellent mother. Soon Donner and Dancer were adopted and Vixen started really dotting on Prancer. In a short time they were inseparable so much so that it was decided that they would either be adopted together or remain at ARF. Vixen is a brown and white short hair tabby as were Dancer and Donner, however Prancer is a black and white tuxedo.

Vixen was born in 2014 and Prancer was born in 2015. Both are great cats and would make a great addition to any home. Vixen loves to be petted and gives kisses.

Prancer

Josie

Pearl was brought in as a stray to the WCSPCA low cost spay/neuter clinic in Bartlesville. It turned out she was very pregnant. One of the volunteers offered to take Pearl home and wait for the kittens to be born. They are now here at ARF and will be available for adoption once they are old enough to be weaned and spayed. They are all females.
