The isolation building will be completely separate from the main building so that any deadly contagious diseases such as Parvo cannot be spread to the main dog population. We will not be able to take any stray dogs until there is a place to isolate those that do not have a current vet record.

Isolation Building

Goal \$100,000

We are so close to finishing construction of the dog areas. We are down to the completion of the indoor/outdoor dog runs! We are also waiting on donations to finish the grooming room which is essential for incoming dogs to be bathed and groomed for their comfort and health.

Adoptions

Grenada was born at ARF part of a litter of 5. The rest of the kittens and their Mom have all been adopted.

**Grenada
Preethi Chaparala**

Tango was brought in by a highway worker. The tiny kitten was found all alone along highway 60.

**Tango
Janis Lussmeyer**

**Velvet & Roxie
Tami & Liberty Walenciak**

Roxie was surrendered after her owner passed away and a neighbor found her wandering. None of the other family members wanted her.

Velvet was found after being hit by a car. She had a broken jaw and lost an eye. She recovered quickly and is doing great.

Looking to add some furry love to your household?

Stop by ARF to visit our cats and kittens. Monday - Saturday 1-4. The on site volunteers can tell you all about each cat's personality. You can get help picking the best cat for you and your family. Are you looking for a lap cat, playful kitten, dog friendly, wild & crazy, standoffish, we have them all. The cats are free to roam in the large multi room play area. You can sit and see which cat bonds with you. Then fill out an application and get the adoption process started.

Rosemary was dropped in a carrier with 5 other kittens. They were all covered in feces, fleas, and worms. It was a bad situation. Only Autumn is left from that litter.

**Rosemary
Mara Faragler**

Sammey was found in the center medium of a highway. He was so tiny that he had to be bottle fed here at ARF. The original finder adopted him.

Splash was found as a stray kitten and was turned into ARF.

**Sammey & Splash
Hilary Kamplain**

Bartlesville Spay/Neuter Assistance Programs

To date here at ARF we have Spayed or Neutered 119 dogs & cats

Next low cost clinic is March 10. The clinics do have a limit. You must have a cash paid reservation ahead of time. We will start taking reservations for the March clinic on Feb 1. Please call 918-766-0991 at that time.

< 50lbs, \$60

Lantana was found as a stray kitten on Circle Mountain.

Edith Ann was found in a box with a litter of kittens. The box had been left on a country road. The mother was found a few days later. The kittens were tiny and had to be bottle fed until the mom was found. There are still 2 kittens left from that litter, Max & Fluffy. They still need forever homes.

**Lantana & Edith Ann
Julia Robinson**

Lucy was featured in our last newsletter and was adopted shortly there after!

**Lucy
Shawn & Tammy
Knutson**

Okie was found running around the trucking yard at a Distribution Center. One of the onsite inspectors wanted to adopt him, but was still traveling. With a donation made for Okie he was vetted and neutered before the new owner returned.

Heartfelt Rescue Stories

INDY

Indy is a large lovable approximately 6 year old cat. He loves to be petted and brushed, but can get a bit feisty. He gets overexcited and can give some love nibbles to your hand. He is declawed on the front paws. He gets along with the cats that came with him, but sometimes picks on smaller shy cats. He probably shouldn't be in a house with small children.

He and some of his friends came from Okie New Hope Animal Rescue Foundation. Their owner Betsy Brown recently lost her battle with ovarian cancer. Please help Indy find his forever home.

MAX

MAX

ARF recieved a phone call asking for help with the cost of putting a puppy down that was paralyzed and couldn't walk. We made an appointment for them with Madison Pet Clinic. Dr. Newby's office called ARF and said that the pup could walk fine, but had some kind of neck injury that would need further testing. The caller had dropped off Max and left. Since he was surrendered to be euthanized ARF stepped in to see if Max could be helped. Max is on pain medication and is doing well at his foster home. He has already had a medical second opinion and has an appointment with a specialist in Tulsa. He has been house trained and knows his basic commands such as sit and down.

We are asking for donations to help with further testing and possible surgery. And of course Max is also looking for a forever home.

He has the most beautiful expressive eyes!
